

ISABELLA ADAMS

KEY ACHIEVEMENTS

- 🏆

Lead Author on Breakthrough Cannabis Study

Authored a highly-cited 2021 journal article that uncovered vital public health benefits of cannabis, with over 500 citations in subsequent research.
- 🏆

Secured Million-Dollar NIH Grant

Achieved funding to explore cannabis interactions with human health, supporting pioneering research projects that have expanded our understanding.
- ♥️

Initiated Five University Collaborations

Developed strategic partnerships with leading universities, enhancing institutional research capabilities and resource sharing.
- ✓

Established IRB-Compliant Research Protocols

Designed cutting-edge protocols ensuring ethical and compliant investigation practices across all human and animal studies.

SKILLS

Cannabis Research, Project Management, Data Analysis, Grant Writing, Biomedical Research, Public Health Strategies, Peer-reviewed Publishing, Experimental Design, Collaborative Partnerships, Research Methods, Verbal Communication, Research Dissemination

TRAINING / COURSES

Advanced Cannabis Science and Industry
Offered by The American College of Healthcare Sciences, focusing on cannabis plant sciences and health applications.

Biomedical & Public Health Research Scientist | Cannabis Research Advocate

Charlotte, North Carolina Extra Field

SUMMARY

With over 10 years of experience in biomedical and public health research, I bring exceptional skills in cannabis research, securing funding, and publishing impactful findings. Passionate about advancing knowledge in the field and improving societal health outcomes through groundbreaking research.

EXPERIENCE

- Senior Research Scientist

Cannabis Research Institute

06/2019 - 10/2023

Raleigh, NC

- Led a multi-disciplinary team in cannabis-focused public health research, increasing successful project completions by 30% year on year.
 - Secured over \$8 million in external funding from NIH and NSF, leading to new investigations into cannabis' biomedical effects.
 - Published 10 articles in peer-reviewed journals over the past two years, contributing to leading science conferences with impactful presentations.
 - Fostered collaboration across five universities, resulting in advanced research partnerships and shared use of cutting-edge facilities.
 - Developed a comprehensive cannabis research database, increasing data retrieval efficiency by 50% for research teams.
 - Mentored 12 PhD candidates, providing guidance on experimental design and contributing to their successful dissertation defenses.
- Research Project Manager

University of North Carolina

01/2015 - 05/2019

Chapel Hill, NC

- Managed multiple concurrent cannabis-related health projects, enhancing cross-functional team productivity by 20% through effective strategic planning.
 - Led grant application processes garnering over \$5 million in research funding, critically supporting 15 academic projects.
 - Orchestrated over 30 major presentations at national forums, conveying complex research insights to diverse audiences.
 - Established pioneering research protocols for human and animal studies, in compliance with strict IRB and IACUC requisites.
 - Published pioneering studies on cannabis impact on public health, recognized for advancing discourse in the scientific community.

- Research Scientist

Charlotte Medical Research Center

08/2010 - 12/2014

Charlotte, NC

- Conducted innovative research exploring cannabis effects, contributing significant findings published in top-tier medical journals.
 - Coordinated with strategic partners in industrial and academic settings, boosting collaborative project outputs by 15%.
 - Trained 8 junior researchers on data analysis techniques, enhancing laboratory capacity for high-stakes experiments.
 - Delivered seminars on cannabis research methods, enlightening peers and elevating department standards.

EDUCATION

- Doctor of Philosophy in Public Health

University of North Carolina

01/2016 - 01/2020

Chapel Hill, NC
- Bachelor of Science in Biomedical Sciences

Duke University

01/2006 - 01/2010

Durham, NC
